Mr. Jason Zona, Principal
Mrs. Jill Council,
Distance Education Coordinator
Class Period Hours: 7:35 am -2:15 pm

Pioneer Academy is a consortium of three schools: Pioneer Online Elementary School (1st – 5th grades), Pioneer Online Middle School (6th – 8th grades), and Pioneer High School, a fully accredited high school serving 9th – 12th grades in both a traditional campus and online options. The elementary and middle schools are only for full-time online off campus students.

The Pioneer Academy consortium of schools prepares students for college and career readiness in an online educational environment by providing flexible, non-traditional scheduling options. Online school students and parents/guardians are typically motivated, independent learners who can generally advocate for themselves. As the majority of the curriculum is online, students need to be at or near grade-level and possess good reading comprehension skills to be successful in an online environment.

Due to limited space, students must apply for acceptance to Pioneer Academy's online program for elementary and middle school students. Once capacity has been reached, additional applicants will be placed on a wait-list. Students who attend Pioneer Academy 1-12 are expected to attend for a minimum of one year. Students who wish to leave within the year, will need to apply for a variance back to their home zoned school.

The Carson City School District is pleased to announce our participation in the National School Lunch Program (NSLP), School Breakfast Program (SBP), and the After School Snack Program (ASCP). Due to funding from the state of Nevada, the Carson City School District is able to provide free meals to all students at all sites for school year 22-23.

Households are strongly encouraged to complete and submit a Free and Reduced application for meal benefits. If your household income is less than or equal to the following Federal Income Eligibility Guidelines (IEGs) below, your children may be eligible for free or reduced priced meals. Applying for free and reduced meal benefits helps by providing you a letter if you qualify which may help with internet costs, testing fees, etc.

Application forms with instructions for completing them are available at all school sites or online at www.carsoncityschools.com . To apply for free or reduced priced meals, households must fill out the application and return it to the school or fill it out and submit online. Only one applications is needed for each household and applications may be completed and turned in at any time during the school year. The information provided on the application will be used to determine eligibility and may be verified at any time during the school year by program officials.

For up to 30 operating days into the new school year, eligibility from the previous year will continue within the same school district. When this 30 operating day carry over period ends, unless the household is notified that their children are directly certified or the household submits an application that is approved, the children must pay full price for school meals. The school is not required to send a reminder notice of expired eligibility.

When known to the Carson City School District, households that have children that are categorically eligible through an assistance program, SNAP, TANF or FDPIR, or households that have children that are qualified as Other Source Categorically Eligible by being classified as; homeless, migrant, runaway, or enrolled in an eligible Head Start or Pre-K program, will be notified of the children's eligibility for free meals. Applications do not have to be submitted for families in these circumstances. All children in the household qualify for free meal benefits and if they are not listed on the notification of free meal benefits, the household should contact the school district to have free meal benefits extended to them. If children are participating in the programs listed above and the family is not contacted by the nutrition department, the family should contact the nutrition department. Households that have been notified of their child's eligibility must contact the nutrition department to decline the free meal benefits.

Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) participants may be eligible for free and reduced priced meals. Additionally, children of parents or guardians who become unemployed may be eligible for free and reduced price meals or free milk.

For school officials to determine eligibility and process applications for meal benefits, households must provide the following information on the application;

Income Based Applications

■ Names of all household members
■ Amount, source, and frequency of current income for each household member
■ Signature of an adult household member
■ Last 4 digits of the social security number of the household's primary wage earner, or another adult household member's social security number, or an indication that the household member does not have one.

■ The names of all children for whom the application is made
■ SNAP, TANF, FDPIR case number or identifier, for the children or any household member listed on the application
■ The signature of the adult household member completing the application.

They may be included as a member of the foster family's household, as this may help other children in the household qualify for benefits, if that family chooses to also apply for benefits for other children. If the foster family is ineligible for free or reduced benefits it does not prevent the foster child from receiving free meal benefits. A foster child only application should include the following;
■ Name of the foster child
■ Indication of the child's foster care status
■ Signature of an adult household member

Mixed Applications: These types of applications contain children who are other source categorically eligible, including foster children and the biological children on the household. These applications must include the following information;
